Dear Vanessa,

Rights of Way

We are unable to comment on this application as, although the Definitive Map of Public Rights of Way for Staffordshire indicates there are rights of way crossing the application site/ adjacent to the application site, they are not shown on any of the main site layout plans. (Although rights of way are depicted within the Landscaping strategy and Design and Access Statement they don't appear to be shown on the main site layout plans)

Please can you respond to the applicant requesting this information be provided so we may in turn, provide an appropriate response to their proposal?

The correct alignment of the rights of way may be seen on our online web map here:
